

Hospitals and Health Centers Clinical Quality Indicator Screen - Sedation Analgesia

DO NOT PLACE IN MEDICAL RECORD - Place a checkmark or X in the appropriate boxes where choices exist

Date of Procedure (8 digit format)

| | | | | | | | | | |
|--|--|---|--|--|---|--|--|--|--|
| | | / | | | / | | | | |
|--|--|---|--|--|---|--|--|--|--|

Patient Registration Number (8 digits, do not use the preceding 0)

| | | | | | | | |
|--|--|--|--|--|--|--|--|
| | | | | | | | |
|--|--|--|--|--|--|--|--|

Patient Age Group

- | | | |
|---|--|--|
| <input type="checkbox"/> Neonate (<1mo) | <input type="checkbox"/> Infant (1-12mo) | <input type="checkbox"/> Child (1-12yo) |
| <input type="checkbox"/> Adolescent (13-16yo) | <input type="checkbox"/> Adult (16-65yo) | <input type="checkbox"/> Geriatric (>65yo) |

Staff Physician ID#

| | | | | |
|--|--|--|--|--|
| | | | | |
|--|--|--|--|--|

Medications used

- | | |
|---|--|
| <input type="checkbox"/> Benzodiazepine | <input type="checkbox"/> Opioid |
| <input type="checkbox"/> Barbituate | <input type="checkbox"/> Chloral Hydrate |
| <input type="checkbox"/> Antihistimine | <input type="checkbox"/> Ketamine |
| <input type="checkbox"/> Propofol | <input type="checkbox"/> Other _____ |

Intended Sedation Level

- | | | |
|---|---|---|
| <input type="checkbox"/> Awake and calm | <input type="checkbox"/> Drowsy, responds to conversation | <input type="checkbox"/> Asleep, arousable with stimulation |
|---|---|---|

Deepest Sedation Attained

- | | |
|---|---|
| <input type="checkbox"/> Awake and agitated | <input type="checkbox"/> Awake and calm |
| <input type="checkbox"/> Drowsy, responds to conversation | <input type="checkbox"/> Asleep, arousable with stimulation |
| <input type="checkbox"/> Unarousable | |

Clinical Quality Indicators triggered

- | | |
|--|--|
| <input type="checkbox"/> Desaturation * | <input type="checkbox"/> Arrhythmia |
| <input type="checkbox"/> Hypotension | <input type="checkbox"/> Aspiration |
| <input type="checkbox"/> Cardiac arrest | <input type="checkbox"/> Respiratory arrest |
| <input type="checkbox"/> Intubation | <input type="checkbox"/> Reversal agent used |
| <input type="checkbox"/> Procedure outcomes limited ** | <input type="checkbox"/> Unable to provide required monitoring |
| <input type="checkbox"/> Drug error | <input type="checkbox"/> Paradoxical reaction |
| <input type="checkbox"/> Unplanned admission | <input type="checkbox"/> Death |
| <input type="checkbox"/> Other _____ | |

* Desaturation > 10% of baseline for > 30 seconds ** Procedure outcomes limited due to inadequate sedation

Sedation monitored by

- SWAT Unit Nurse Emergency Resp Team
